EXPERIENCE

GRADTWIN TECHNOLOGIES

Apr 2026 – Aug 2026 (4 Months)

Java Full stack Development - Intern

- Gained hands-on experience in **Java Full Stack Development** using Java, JDBC, Servlets, JSP, HTML, CSS, JavaScript, MySQL, Maven, and Apache Tomcat.
- Worked on a **Secure Messaging System** as part of the internship, gaining practical experience in web application development, database integration, authentication, and role-based access.
- Performed **debugging, testing, and troubleshooting** to identify and resolve application issues and improve functionality.
- Applied software development practices including **database management, application integration, and feature implementation** throughout the internship.

PROJECTS

A Secure Gateway Messaging System

Internship [Project](#) | Aug 2026 - [Video](#)

- Developed a secure web-based messaging system that allows Admins and Officers to log in, manage users, and send and receive messages with file attachments.
- Implemented role-based access, authentication, database integration, and message management using Java, Servlets, JSP, MySQL.

Student Result Administration System

Academic [Project](#) | Sep 2025

- Allows administrators to add, update, and calculate student marks, automatically determining pass/fail status and generating subject-wise and overall reports.
- Provides a secure, organized, and interactive web platform for managing student academic records, reducing manual errors and saving time.

Digital Recipe Explorer

Self - [Project](#) | Mar 2025

- Allows users to explore, search, and view a variety of recipes with ingredients and step-by-step cooking instructions.
- Provides a responsive and easy-to-navigate interface built with HTML, CSS, and JavaScript for engaging user experience.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript and SQL.

Web Technologies: HTML, CSS, Servlets and JSP.

Database & Development: MySQL, JDBC, Maven, Apache Tomcat and Git.

Tools & Platforms: IntelliJ IDEA, VS Code, Git-Hub, MS Excel.
